

VITRIOLIC WAS ARRAIGNMENT OF HAYWOOD

DISTRICT ATTORNEY STARTS HIS
CASE BY A NUMBER OF
STATEMENTS

CHALLENGED BY DARROW

Court Rules That Statement Must be
Confined to Matters to Be
Proven.

Boise City, June 4.—The actual trial of Wm. D. Haywood was begun this morning when District Attorney Hawley opened for the state in a vitriolic address charging Haywood, Moyer and Simpkins with the murder of ex-Governor Steunenberg.

Hawley declared they were guilty of wholesale crimes in the middle west and that all the outrages in Idaho, Colorado and Wyoming, since 1899, were due to the leading spirits of the Western Federation.

The court room was well filled and for the first time a large number of women were present. Armed deputies were anxious to prevent any trouble. The admission is limited strictly to the seating capacity.

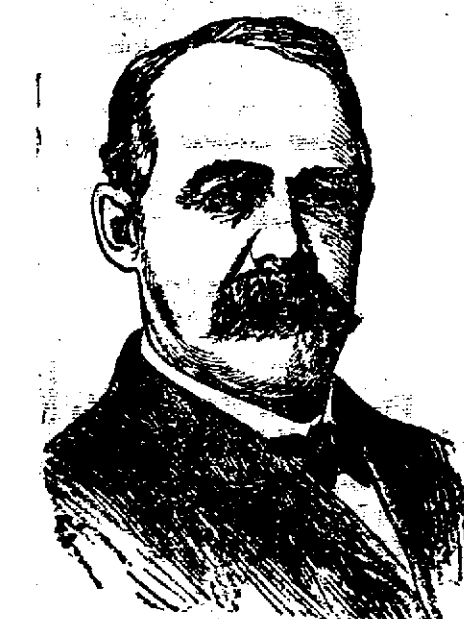

The Haywood family listened carefully to Hawley's arraignment of the father.

Hawley's attack grew more bitter and Darrow finally demanded that Hawley confine his charges to what he could prove. A hot wrangle followed. The court finally ruled Hawley must so limit his statements.

Boise, Idaho, June 4.—Messrs. Darrow and Richardson of counsel for defense, at the trial of William Haywood, issued a statement outlining their view of the makeup of the jury that has been selected to try Haywood. The attorneys say: "The Haywood jury is made up of eight Republicans, three Democrats and one Prohibitionist. There is no man on the jury who works for wages nor who has ever belonged to a labor organization excepting Burns. In the 200 odd jurors drawn not more than three trades unionists were placed in the panel and these were excused for conscientious objections to capital punishment and fixed opinions. The jury is uniformly made up of a class to which none of the defendants has ever belonged and who have no natural kinship to labor organizations."

In the work of securing the Haywood jury the court has been in session 15 days. One hundred and fifty-six talesmen have been examined. Following are the jurors: Thomas B. Gess, 59, farmer; Finley McBean, 52, farmer; Samuel Gilman, 57, stock-raiser; Daniel Clark, 32, farmer and stock-raiser; George Powell, 60, farmer; O. V. Sebern, 52, farmer; H. F. Messcar, 52, farmer; Lee Schriener, 60, farmer; J. A. Robertson, 73, real estate dealer; Levi D. Smith, construction contractor; A. P. Burns, 52, carpenter; S. F. Russell, 68, rancher.

James Hawley for the prosecution today made the opening statement, outlining the state's case. Speaking broadly, the state of Idaho charges that Haywood, conspiring with Moyer, Pettibone and Simpkins and others of the alleged "inner circle" of the Western Federation of Miners, plotted a

JUDGE FREMONT WOOD, campaign of terrorism that had for its double purpose the removal by assassination of those opposed to the organization and the retention and increase of control and power within the organization. It alleges that the explosion at the Victor mine, the blowing up of the Independence depot, the murder of Light Gregor, a detective of Denver, the murder of Arthur Collins of Telluride, the alleged blowing up of Fred Bradley of San Francisco and the alleged attempts on the lives of former Governor Peabody and Judges Gabbert and Goddard of Colorado were all acts in a single great conspiracy to which the murder of Governor Steunenberg was inci-

NEWARK'S LIVE ONES

Mr. R. L. Rhodes is the genial man in charge of the Western Union Telegraph company's interests in Newark. He admits that he was born in

MR. R. L. RHODES.

Zanesville, but Mr. Rhodes should not be blamed for that, as he left the City in early manhood after he had learned the telegraph business from the ground up. Mr. Rhodes began as a messenger boy back in '88, and has been with the Western Union ever since. Before taking charge of the Newark office in March, 1905, Mr. Rhodes was located at Xenia, Ohio. Mr. Rhodes is a "good fellow," he is always "on his job," and has a whole lot of friends in this town.

It is charged that Haywood was the genius of and the strength behind the great plot, and that Steunenberg was added to the list because of his part during the labor troubles in north Idaho. It is alleged that Haywood and his associates standing and working in the back ground planned the long list of crimes and sent Harry Orchard and Steve Adams forth as hired executioners.

The state's testimony will begin with a rehearsal of the tragedy in which Frank Steunenberg was blown to death by a bomb on the night of Dec. 30, 1905, and then the presence at Caldwell of Harry Orchard and John L. Simpkins, a member of the executive board of the Western Federation of Miners, will be shown. After that Harry Orchard will be called to the stand to retell the confession which it is alleged he made to Detective McPartland. After that will come the state's effort to corroborate the Orchard story and to clinch by other testimony the general part of the Western Federation of Miners and particular part of William D. Haywood alleged in connection with the murder of Frank Steunenberg.

ATROCIOUS CRIME

Woman Who is Well Known in Newark, Now on Trial for Its Commission in South Dakota.

Sioux Falls, S. D., June 4.—The trial of Mrs. Emma Kauffman of this city, opens today before the Circuit court of South Dakota in which the defendant is charged with the murder of Miss Agnes Polreis, a 16 year old domestic in Mrs. Kauffman's employ. The defendant is the mother of Charles Kauffman, a former Denison university student and well known in Newark, Ohio.

The trial is attracting considerable attention at Flandreau, where the court sits and hundreds of people are in attendance. The state will endeavor to prove that Mrs. Kauffman mistreated the young girl and out of "pure devilishness," beat and pummeled her until injuries were inflicted which caused the girl's death.

The defense is expected to claim that the girl was affected by a lack of blood which caused dizziness and numerous falls, causing the injuries. The defense may also try to prove that a blood clot on the girl's brain caused temporary loss of control of her lower limbs.

Newark and Granville people will watch the outcome of the trial with great interest.

CAR BLOWN UP BY NITRO GLYCERINE

San Francisco, June 4.—An electric car on Haight street was blown up by a nitroglycerine bomb. It only carried four passengers and no one was badly hurt. Daniel White, a striking car man, was arrested after a chase and charged with the crime.

EDNA MAY MARRIED

London, June 4.—Edna May, the American actress and Oscar Lewisohn were married this morning at the Windsor registry office. The ceremony was performed very quietly. Mr. and Mrs. Lewisohn expect to spend the honeymoon touring Europe in an automobile.

STEAMER FROM CHINA BRINGS
THE FIRST NEWS OF THE
CATACLYSM.

EMPRESS DOWAGER TO RELIEF

Telegraphs Local Government to Assist in the Stricken Districts Where Millions Live.

Victoria, B. C., June 4.—The steamer Shawmut brings new of killing of 4,000 persons by an earthquake at Hsing Kiang, China. A telegram was received from Peking, before the Shawmut sailed reporting 4000 persons crushed to death, a vast number of houses destroyed and many persons left starving.

The Empress Dowager telegraphed instructions to local governors to relieve the distress. Hsing Kiang is the capital of the Chinese province of the same name, which lies north of Tibet and comprises nearly the whole of Central Asia.

All about the city are tremendous volcanic mountains. In the valleys which are fertile, dwell millions of Chinese.

Obnoxious Laws Repealed.

St. Petersburg, June 4.—The lower house of parliament held another working session and repealed three obnoxious laws, two of which were temporary measures instituted by Premier Stolypin to combat the revolution. The first provided for the punishment of persons publicly expressing approval of political crimes, and the second excluded from military service persons accused of political crimes or who were under police supervision. The repeal of the third law penalizing private instruction in Poland was at the request of the ministry.

Immigration Commission at Naples. Naples, June 4.—The American immigration commission has arrived here for the purpose of studying local emigration conditions. The members of the commission visited the emigrant headquarters and then witnessed the embarkation of a large number of emigrants and different steamers. They also inspected the plant for the disinfection of the belongings of emigrants and interrogated several emigrant agents.

WINS A BRIDE SAVED FROM CRUSH

Pretty Romance Behind Wedding of Miss Lillian Barrett and Wm. Maccadden.

New York, June 4.—Behind the announcement that Miss Lillian Barrett, of No. 151 North Oxford street, Brooklyn, and William Maccadden, of No. 1469 Forty-ninth street, Borough Park, are to be married at Miss Barrett's home on June 16, lies a romance that is known to but few. It began when Maccadden saved Miss Barrett from being pushed off the Manhattan platform of the Brooklyn

MISS LILLIAN BARRETT.

bridge by a crowd of roughs six months ago.

Miss Barrett had been to a matinee. She was standing near the edge of a platform when a crowd ran up the stairs and began pushing their way to the outer edge. Miss Barrett tried to retain her footing, but was pushed until she was on the edge of the platform.

The young woman would perhaps have fallen in front of a train had not Maccadden caught her.

Miss Barrett was taken home by Maccadden and after introducing himself to her brother he was invited to call. He took advantage of the invitation and the announcement of the marriage is the result. Miss Barrett inherited a greater part of the fortune left by her father.

WOMEN'S PART IN JAMESTOWN FAIR

Mrs. CLAUDE A. SWANSON.

New York, June 4.—While three hundred years ago it was thought the interposition of a woman that England gained her first permanent foothold on the American continent, the idea of a Jamestown exposition to celebrate that foothold originated with a woman; and her initiative, push, and spirit gave it the impetus that has carried it into completion.

Beauvoir, erected by the Virginia division of the United Daughters of the Confederacy, was one of the first buildings on the grounds completed. To keep the work going on Mrs. Frank Anthony Walke of Norfolk, gave her personal note for \$1,000, pending the receipt of contributions.

To the efforts of Mrs. Walke and Mrs. Norman V. Randolph of Richmond, the "Daughters" are indebted for the successful carrying out of the enterprise that has given them the copy of the Mississippi home of Jefferson Davis, President of the Confederacy. While the Colonial Dames have June 5 as their day at the exposition

they also had May 14 as a special day.

Mrs. B. L. Purcell of Glen Allen, is president of the National committee of the Daughters of the American Revolution, which has also been engaged in collecting historic relics.

PROMINENT JURIST INJURED BY FALL AT WASHINGTON

Washington, June 4.—John A. Casson of Iowa, famous as a diplomat and lawyer, fell here and fractured his arm and after being carried to his home was reported in a serious condition. He is 85 years old. Mr. Casson is the former special reciprocity commissioner of this government, former member of congress, former member of the American-Canadian joint high commission, has held many other high official places and is a member of numerous clubs.

SHOT HIS WIFE THEN HE SUICIDED

Durant, Tex., June 4.—After shooting and fatally wounding his wife from whom he was separated, Nathan Hale, a farmer, fired a bullet into his brain. Mrs. Hale, who is a relative of Governor Little of Arkansas, has resided recently in Paris, Tex., and was in Durant to attend the trial of her son, who is charged with having participated in the lynching of a negro. The shooting occurred shortly after she arrived in Durant.

TUMBLE TAKEN IN WHEAT PRICES

Chicago, June 4.—Wheat tumbled nearly three cents today. The loss is due to better crop reports and increased receipts in the Northwest. The downward movement was also helped by James Patten selling the last of his long line, about three million bushels. Patten is said to have cleared millions by the wheat deal.

Brokers Arrested.

Pittsburg, June 4.—The first arrest made in Pittsburg under the new anti-bucketshop bill passed by the recent legislature was made when H. A. Elkins, a broker, alleged to be connected with a New York concern, was locked up. The new law aims to completely abolish bucketshops in Pennsylvania.

Army Worms Tie Up Road.

Hickman, Ky., June 4.—Army worms are so numerous between Campbell, Mo., and Nemo, Ark., that traffic on the St. Louis, Keokuk and Southeastern railway has been interfered with. When the car wheels mash them, the track is put in a worse condition than if it had been thoroughly soaped.

CONFEDERATES MARCH STREETS OF WASHINGTON

Washington, June 4.—Armed Confederate soldiers today for the first time in history, marched on the streets of the nation's capital. They had a permission which was denied them forty years ago. They were members of four companies of Southern veterans, returning from the reunion at Richmond. Garbed in gray many carried the same old muskets and sabers that they used in the '60s.

THREE DROWN IN A MICHIGAN LAKE

Cement City, June 4.—Neil Ferris, Wash. Griffith and Byron Beecher were drowned while fishing in Silver Lake last night. The bodies of Griffith and Beecher were recovered.

General Ruger.

Stamford, Conn., June 4.—General Thomas H. Ruger, United States army, retired, died at his home here. He had been ill since last Friday, when he was stricken with heart failure. He leaves a widow and two daughters. The burial probably will be at West Point. General Ruger had a long and brilliant service in the army. He was born in 1833 and graduated from West Point in 1854. He was in the campaign of the Itapahannock and commanded a division at Gettysburg. He was in command in New York city at the time of the draft riots.

Croker to Stay Out of Politics.

Dublin, June 4.—Interviewed concerning the newspaper reports that he cherished ambitions to enter the British parliament as a Nationalist member, Richard Croker said: "I have no intention of ever entering politics again."

BRITISH SCHOONER WAS CAPTURED BY U. S. CUTTER

Washington, June 4.—Late official advices are that the schooner captured is a British, named Charlotte G. Cox, and was found inside prohibited waters taking seals during the closed season in British Columbia.

TELLER GUILTY OF DEFAULTING GETS FIVE YEARS

St. Louis, June 4.—On a plea of guilty Charles F. Grotsch, defaulting teller of the Washington National bank of St. Louis, was sentenced to five years' imprisonment by Judge Trieber in the United States district court. After embezzling \$3,337, Grotsch fled to Sweden where he was apprehended, extradited and returned to St. Louis. Judge Trieber wept as he pronounced the sentence, the lightest permitted by the statutes.

PHYSICIANS ELECT THEIR OFFICERS

Atlantic City, N. J., June 4.—The American Academy of Medicine, which began its annual meeting on Saturday, adjourned after electing the following officers: President, Dr. Thomas E. Davis, Pittsburg; vice presidents, Drs. James K. McBride, Pasadena, Cal.; F. P. Rogers, Providence, R. I.; L. F. Murtry, Louisville, Ky.; A. M. Holmes, Denver; secretary and treasurer, Dr. Chas. McIntyre, Baston, Pa.; assistant secretary, Dr. A. R. Craig, Philadelphia.

COMPLAIN AGAINST CHIEF OF POLICE

San Francisco, June 4.—The grand jury has entered a formal complaint against Chief of Police Dinan, charging that he subverted the law in attempting to secure the acquittal of Mayor Schmitz by tampering with the talesmen drawn for Schmitz's trial.

Revision of Vulgate.

Rome, June 4.—Judebrado de Hemptance, primate abbot of the Benedictines, was received in private audience by the pope and explained at length the system under which it is proposed to conduct the revision of the Vulgate or St. Jerome's Latin version of the Bible.

Mitchell's Condition.

Spring Valley, Ill., June 4.—John Mitchell, president of the United Mine Workers of America, after five weeks in a hospital following an operation, walked to his home. He showed no signs of relapse.

William Payne Sheffield, formerly member of the United States senate from Rhode Island, died at Newport, R. I. He was 57 years of age.

BRYAN'S SPEECH NOT DELIVERED AT RICHMOND, VA.

CROWD OBJECTS TO NEBRASKAN
ADDRESSING CONFEDERATE
VETERANS.

'THERE'S NO POLITICS HERE'

Was the Shout That Went up When
Former Candidate for President
Was Called Upon.

Richmond, Va., June 4.—An everlasting memorial of Jefferson Davis, the patriot and statesman, who was the chosen leader of the "lost cause," and the first and only president of the Confederate States of America, was unveiled here yesterday as the crowning feature of the annual reunion of the Confederate veterans. The ceremony was made the occasion for a grand military pageant in which every veteran in gray who was physically able, and many a one who was not, participated.

Mrs. J. A. Hayes, of Colorado Springs, Colo., daughter of Mr. Davis, pulled the cord that held the canvas shroud which covered the bronze statue. Her two young sons, the grandsons of the Confederate president, caught the two cords used to complete the unveiling.

Williams Jennings Bryan and Mrs. Bryan attended the ceremony as guests of the United Confederate veterans. They rode in the parade in the carriage of Governor and Mrs. Swanson, and were given a continuous ovation en route.

He had no official part in the program, but the reception accorded him showed that he holds a warm place in the esteem of the veterans in gray.

At the conclusion of the ceremony there were a number of calls for Mr. Bryan to address the people, but these were drowned in a chorus of noes. The objections came from everywhere and were led by the women of the Jefferson Davis Monument association, also General Stephen D. Lee, grand commander of the United Confederate Veterans.

"There will be no politics here," he turned to the crowd in every direction and shouted the warning, and it had the desired effect.

Governor Swanson in the course of his remarks spoke feelingly of the "lost cause," saying

Vindication in Panama Incident.

"Virginia would consider that I had poorly performed the part assigned me if I should fail on this occasion to convey to you her continuous conviction of the justice of our cause and her firm belief that the conduct of herself and her sister states in this conflict needs neither defense nor apology. In this war the South contended for the sovereignty of states against federal aggression and power. She fought for the great principle of home rule against outside illegal interference. This great doctrine of home rule is the most precious of all rights possessed by mankind. For its maintenance more armies have been marshalled, more battles fought, more blood sacrificed, more treasure expended than all other causes combined for which man ever contended.

"The recent action of the federal authorities in Washington in sustaining and aiding the secession of Panama from the republic of Columbia, in South America, was a complete and thorough endorsement of the justice of the Southern secession movement. We are glad to receive in the course of time from this high source, a thorough approval of the righteousness of our cause, though it may come a little belated."

Tribute to Jefferson Davis.

Gen. Clement A. Evans paid this tribute to Jefferson Davis:

"He outlived obloquy, he saw destruction die by its own sting; he saw vicious censures put to shame, he beheld resentments of South and North, withering in stem and root, leaving no seed. He was not faultless in judgment, but he was upright, brave, fair and absolutely incorruptible. He is entitled to the generous American judgment of the present sober age, which will be rendered on consideration of the facts of his whole career. History will surely give him an honorable and distinguished place among the noble characters of past time.

"All the elements of greatness were components of his life, and it not be insisted that success in his last service of his people was necessary to make him truly great, although had the confederacy established its independence, his fame would have filled the world as the father of the new American republic."

Description of Memorial.

The monument of Jefferson Davis is the combined work of E. V. Valentine and William C. Noland of Richmond. The memorial consists of

STANDING OF CONTESTANTS

Notwithstanding the heavy vote of Saturday nearly 13,000 votes were cast on Monday, but they are so distributed among the Jamestown contestants as to let the relative standing remain as it was on Monday.

Misses Benner, Howard, Seward,

Clark, Davis and Rosebrough all make gains by Monday's vote. Special prizes for the largest percentage gain and the largest vote this week are offered by the National Biscuit company and the King Shoe company—a five pound box of Lowmeyer's candy and a fine pair of shoes.

IMPROMPTU CONCERTS BY CITY SCHOOLS

Will Be Given During the Week Under the Direction of Prof. W. W. Nusbaum.

During this week several concerts will be given by the different grades in several of the schools under the direction of Prof. W. W. Nusbaum.

Prof. Nusbaum, who has charge of the music in the public schools in the city, has been very successful in his efforts and the pupils have made rapid advancement in the study of music.

The concerts this week will be impromptu and each grade of the different schools will sing several songs. On Tuesday afternoon the North Fourth street building will give an entertainment at the First Congregational church and the Old West school will sing at Elizabeth chapel on Wednesday. At the East Main street M. E. church on Thursday the Mill and Indiana street schools will give a musical program and on Friday at Elizabeth chapel the New West End school will give a concert. The churches are located in the vicinity of the schools and the parents of the children are invited. The concerts will commence about 2 o'clock.

SKIN DISEASE BACILLI KILLED BY WINTERGREEN

Liquid Penetrates to the Roots of Distressing Ailments and Gives Quick Cure.

Oil of wintergreen—that simple liquid so well known to every druggist in the land—is just coming to be properly appreciated. Its value long has been known to the medical profession, but only in recent years has it been found that a proper mixture, combined with other soothing agents, acts instantly in all cases of Eczema and other skin diseases, stopping immediately that awful itch.

One of the doctors to whom great credit is due in developing this discovery is Dr. Decatur D. Dennis, who, by combining oil of wintergreen in proper proportions with several other remedial agents, devised a LIQUID REMEDY that did away with greasy ointments and old-fashioned stomach remedies. The medical men were prevailed upon to give the general public the benefit of this notion in the shape of "D. D. D. Prescription," now put up by a Chicago house, the company which makes the famous D. D. D. skin soap.

A few drops stop that awful itch, and continued use means a quick cure for eczema, psoriasis, salt rheum, ringworm, dandruff and all other distressing diseases of the skin. Get a bottle of D. D. D. Prescription today, and stop that itch AT ONCE. F. D. Hall, Agent.

DEATHS AND FUNERALS

BRAIN PUZZLERS

Questions Submitted At the Examination Of Teachers.

MADE UP BY STATE COMMISSIONER

Examination Tests for Teachers in Elementary Schools:—By Their Answers to These Questions Those Who Desire to Teach Show Whether They Are Grounded in the Rudiments of Education.

Following is the list of questions as prepared under direction of the state commissioner of public schools, and submitted at the county examination for teachers June 1 for elementary school certificates:

GRAMMAR.

1. Remember, then, that readers are 2 a busy people, who would have their 3 stories served in condensed pellets if 4 they could, and that to win their ap- 5 probation you must begin well along 6 in your tale, where enough complica- 7 tions are to be found to catch the in- 8 terest. In writing, as nowhere else, 9 can be seen the truth of the trite old 10 proverb, "Well begun is half done." 11—L. W. Quirk.

The first eight questions refer to the selection given above.

1. Name (as to subject and predicate) and classify (as objective, adjective or adverbial) all subordinate clauses.

AN INTELLIGENT ANSWER TO NEWARK PEOPLE

Say, Doctor, why is it your Dr. Jackson's Remedies cure so many so-called incurable cases—many of them right here among us—that seem almost miraculous, such as Rev. E. W. McDannell, M. E. Minister of Sharon, Ohio. He says he has suffered for years with aches and pains about stomach and liver, short of breath, bloated, had to diet, and kidneys became involved, for days I could not stand straight, had nervous spells, I could hardly get through my sermons, in fact was miserable. I tried doctors and all remedies I heard of, near all irritated my weak, raw stomach and done more harm than good. I was at last persuaded (for I had given up all hope) I had heard so much of Dr. Jackson's Remedies I purchased a 50c box of Dr. Jackson's Digestive and Liver Powders and I can truthfully say I got great relief from first dose, gained in strength, gas that had crowded heart and stomach was removed. I got his Liver and Bowel Tonic to regulate bowels. In a few months am as well as ever and have had scores of my friends to use these remedies, and all thank me for recommending them. I tell about it every where I go.

Another, Mrs. Lottie Dickerson, South Zanesville, Ohio, says: I had suffered for years and was as yellow as saffron; such severe pains about stomach and liver; called doctor every one or two weeks to inject morphine and sick for two or three days. I longed for death when those spells came; was a mere skeleton and all said I had consumption. After hearing of another being cured by Dr. Jackson's Remedies, I got Dr. Jackson's Digestive and Liver Powders and Liver and Bowel Tonic. In one week I commenced to pass gall stones, till I have now in a jar at home over 200, from size of a pea to grain seeds, and also passed hundreds of gravel from kidneys. In three months I gained 29 pounds, and am well and doing my own work. I took a bottle of Dr. Jackson's Blood and Nerve Tonic to bring me back, but I claim the powders cured me at a cost of a few dollars, where we had paid out thousands. I have to have my name in print, but I and my husband thought it our duty, and I write this unsolicited letter. I do not want any other to suffer as I did, and they saved my life.

Also, Mrs. J. B. Perkins, wife of the well known painter of Shalom street, Zanesville, Ohio, says: I want all to know that my little daughter, who was sick and nervous, had spasms, was bloated, she looked awful, vomited, and was coated. Hearing so much of Dr. Jackson's Remedies I got a 25c box of Dr. Jackson's Worm Powders and a 50c box of his Digestive and Liver Powders, and my child in three days passed over 200 small stomach worms and by the amount that stomach emptied I know full well there were over 1000. I gave her a 50c bottle of Dr. Jackson's Blood and Nerve Tonic and the Digestive Powders, and in a few weeks she began

to eat what she pleased. No vomiting, no nervousness—in fact gained in flesh and is well—all for \$1.25. Think of it, saved Doctor bills and suffering, and I honestly believe her life. Should I not be thankful and write and tell the Doctor and all mothers whose children suffer? My little girl is all I have.

P. S.—In answer to how our remedies cured above cases and thousands of others like them, is that we removed the cause. Indigestion was the origin in all these cases; food fermented, gas formed, crowded heart, lungs, kidneys and nerves; the blood was then made of that fermented food and brought uric acid poison, and the crystals—like grains of sand—settled in muscles of back, brings lumbago; or joints, rheumatism; nerves, neuralgia; kidneys, gravel, gall bladder, gall stones; the sour food caused uric acid in stomach and the poison acid eats lining of the stomach and brings catarrh of stomach, as it will in any organ of the body where it settles; also slime accumulates in stomach and worms always breed in slime. And let me tell you all who have catarrh of stomach have stomach or tape worms. Our Dr. Jackson's Worm Powders remove all kinds of worms; no taste, easy to take, no physic need follow. Our Digestive and Liver Powders contain what is lacking in these weak stomachs and in powder form dissolve the moment they reach the stomach, where capsules, tablets, or pills will not in raw, weak stomach, too weak to dissolve the food, in bulk you can afford to take dose sufficient to throw off the gas, remove the pressure and stop fermentation of food and convert food into pure blood and nature heals.

If the patient is weak, to get good start I recommend a bottle of Dr. Jackson's Blood and Nerve Tonic. They act on kidneys, and throw off the poison made, tone nerves and above all bring appetite, and powders make blood out of food and nature heals. This is the Common Sense answer to—Why we cure and all other cures fail.

I want all young ladies to write me if they want to know how to gain clear complexion, and robust forms. Young men to become athletes, and be a man in every sense of the word. In fact all to write for any advice an old experienced physician is able to give, all free of charge, and glad to do it, as my whole life has been spent on the study of the human system, and 20 years in active practice, and the rest of my days I will give people all who ask, the benefit of how to preserve the health or regain it if lost. All free of charge. Address, A. L. JACKSON, A.M., M.D., Pres. The Jackson Medicine Company, Zanesville, Ohio. m31jun4

June 4 In History.

1788—George III., grandson of George II., born; died 1820.
1789—John Bager Howard, soldier, famous at Cowpens, born in Baltimore county, Md.; died 1827.
1802—Charles Manuel IV., king of Sardinia, abdicated in favor of his brother, Victor Emmanuel I., and the liberal movement began. Victor proved too moderate for his liberal subjects and for many years controlled only a portion of his kingdom, and that under an English protectorate, the remainder being subject to France. In 1814 he was restored to full power, but established absolutism, and his reactionary policy led to his abdication in 1821 in favor of Charles Felix, another brother.
1823—Louis Nicolas Davout, French marshal, noted in Napoleon's wars, died in Paris; born 1770.
1826—Ernesto Rossi, distinguished Italian actor, died at Pescara; born 1829.
1900—The empress dowager of China ordered the foreign office not to suppress the Boxers.
1907—United States Senator Arthur Pue Gorman of Maryland died in Washington; born 1839.

The imports of lumber and its manufactures to the United States last year, chiefly from Canada, amounted to the value of \$40,600,987 upon an average duty of 20 per cent. In the same time the exports of lumber and its manufactures from the United States amounted to the value of \$77,255,325. Upon the lumber entering into the manufacture of exported furniture houses all ready for erection in Africa or Central America, etc., there is a drawback of the duty, while the consumers of this country must pay the full duty on all their imports of lumber and its equivalent on the entire products of the Lumber Trust. For that we have a Dingley tariff, a "stand-patt" administration, and a "stand-patt" congress. Besides cordwood for making pulp, the only free imports of lumber are mahogany and rosewood for manufacturing articles of luxury. But the poor man must pay a heavy tax upon every foot of lumber used in building or repairing his house.

Promoter in Prison.

GOES TO OHIO PEN FOR SECOND TIME

MRS. IDA MAE BORDENKIRCHER IS SENT UP FOR MURDER OF HER HUSBAND.

Coshocton Woman to Serve 10 Years—Was Once Saved by Governor After Reaching Columbus.

Coshocton, O., June 4.—Circuit Judges Donahue and Taggart sustained the Common Pleas court of Coshocton county in the case of Ida Mae Bordenkircher, charged with the murder of her husband Christmas day, 1906, and she will be taken to Columbus today to begin a sentence of 10 years for manslaughter.

Considerable interest has been aroused in this case because of the refusal of Judge Nicholas of the Common Pleas court, after the Bordenkircher woman had been convicted and sentenced, to grant a stay of execution, to permit the case to be carried on error to the Circuit court.

Mrs. Bordenkircher's attorneys went to Columbus and laid the case before Governor Harris, who granted the desired stay of execution on the day that the convicted woman was taken to the capital city.

Sheriff Browning arrived in Columbus with the prisoner and was met at the Union station by the order of the governor directing him to take her back to Coshocton to await the outcome of the appeal to the higher court.

Mrs. Bordenkircher still protests that she is wholly innocent of the crime.

COMMISSION COMES TO NEWARK TO VIEW SITES

FOR ESTABLISHING A STATE HOME FOR CRIPPLED CHILDREN NEAR NEWARK.

Board of Trade Committee on Entertainment to Meet the Distinguished Guests.

Mr. Carl Norpell, the vice president of the Board of Trade, received word from the governor's office Tuesday that the committee that is appointed to view the sites that are offered for the location of the State Home for Crippled Children, will be in Newark Wednesday at about 2:15 p. m. to view the state encampment grounds here, and which are certainly suitable for such a purpose.

The Board of Trade committee on entertainment will meet the distinguished party on their arrival here, and convey them to the grounds in automobiles, and it is to be hoped that the site will meet with the approbation of the State's committee. It is composed of the following gentlemen: Governor Andrew Harris, Secretary of State W. D. Guilbert, Dr. McMillen of Cincinnati, Dr. Frank Burr of Cleveland, and Hon. J. A. McDowell of Millersburg.

INTERNATIONAL

HAS BECOME THE ISSUE BETWEEN ENGLAND AND THE UNITED STATES.

British Captain is Charged With Harboring a Deserter from the U. S. Navy on His Ship.

Washington, June 4.—Colonel Henry A. Green of the Tenth Infantry, commanding at Fort William H. Seward, Alaska, has appeared to the war department to cause the arrest and return of a deserter, and, incidentally to punish the captain of a British ship, who perhaps has created an international issue. According to Colonel Greene, Sergeant Buell, a member of the post band, deserted from Fort Seward and made his way on board the British steamer "Princess May." When the ship touched at Ketchikan, Alaska, May 14, the city marshal, under instructions from the military authorities, sought to arrest Buell. The latter locked himself in his cabin and the captain of the ship refused to allow him to be forcibly arrested and sailed away to a Canadian port where the deserter landed and disappeared.

DISSATISFACTION ON JAPAN'S PART CAUSES CONCERN

Washington, June 4.—The statement coming from Tokio to the effect that uneasiness existed there on account of dissatisfaction on the part of the Japanese officials at the attitude in America in relation to the San Francisco troubles, caused some concern in official circles here. What has caused the reported change of feeling at Tokio is a puzzle to official Washington, because it cannot be learned that there has been any recent exchanges between the two governments relative to the treatment of the Japanese in San Francisco. The attacks upon Japanese restaurants and bath houses are still under investigation by the national government, as well as by state authorities in California, and when that inquiry is concluded doubtless the Japanese government will be informed of the result, and if necessary a proper expression of regret will be made. As it stands, the state department is on record as having informed the Japanese government of all the facts it had been able to secure; all tending to show that that last trouble in San Francisco was merely an incident to the strike.

WOMAN'S BEST FRIEND

All the Horrors of Change of Life for Five Years. Leucorrhoea for Ten Years.

USED ZOA-PHORA

After Physicians Failed to Cure, That Was Five Years Ago. Still Praising Zoa-Phora.

Woman's best friend is one that will give her the degree of buoyant health and strength that nature intended for her. Zoa-Phora is that friend. Not a "patent medicine" but just a medicine, scientifically prepared for women only. One that acts directly on the diseased organs through the blood and nervous system, replacing the old worn-out tissues with new, and removing congestion, inflammation and unnatural discharge.

Zoa-Phora is the well woman's friend too, because it keeps her well.

Mrs. Edwin Lee, of Addison, Michigan, says: "Pen and ink can never tell what Zoa-Phora has done for me. It is indeed a true and tried friend and has never failed me once." Whether you are sick, ailing, or well, keep a bottle of Zoa-Phora in the house all the time. It will prove a friend in need.

Mrs. Alice Brown, of Valley Junction, Ia., wrote on May 27, 1906, "I wish to tell you that Zoa-Phora has been a wonderful blessing to me. I have been a sufferer for the last ten years from leucorrhoea, and for the last five years with change of life and all its horrors. I took treatment from local physicians in Lika and Ia., but received no benefit. Finally I was induced to begin taking Zoa-Phora, and after taking four bottles my health is restored. I can now do my own work, and can never thank you enough for the information and the wonderful remedy." On April 22, 1907, nearly two years later Mrs. Brown writes: "You may still not know any woman to me. I will explain why. I took Zoa-Phora. It does this. It proves that the benefit was permanent."

This letter is strong proof of the merit of Zoa-Phora. The only way that you can become positively convinced that Zoa-Phora will do as much for you is to try the medicine yourself. Go to your druggist and ask him for Zoa-Phora; no other explanation will be needed. You will receive the medicine already prepared, compounded in just the right proportions, and put up in a sealed, sterilized, one dollar bottle.

In each package will be found a copy of "Dr. Penning's Advice to Women," a medical book, giving interesting and instructive information about diseases of women and the way to successfully treat them. You can now treat yourself in the privacy of your own home and need not tell your troubles to any one.

INCREASED SALARY OF GRANVILLE P. M.

SITUATION NOW PAYS \$1800 PER ANNUM INSTEAD OF \$1700 AS HERETOFORE.

Mrs. W. G. Tight Gives the Annual Commencement Dinner—Granville News.

Among the postmasters of Ohio who will get a substantial increase in salary on July 1, is that of Postmaster L. A. Austin of Granville whose salary is increased from \$1700 to \$1800 per year.

Granville, O., June 4.—Rev. W. S. Sweet, of Hangechow, China, who has been living in Granville for the past year with his family, two of his children being students in Denison university, left Granville with Mrs. Sweet on Tuesday and they expect to return to China in the near future, where the Rev. Mr. Sweet is principal of Wayland academy at Hanchow. Mr. Sweet delivered an intensely interesting address on the resources and future of China before a large and attentive audience at the Baptist church last Sunday night.

Mr. and Mrs. Carlton King of Moreland county, Pa., who have been visiting relatives in this vicinity for the past week, have returned home.

Miss Mary Butler of Cincinnati, who has been here for the past two or three days, has gone to Newark, where she is visiting her aunt, Mrs. Ella Richards for some time.

Mrs. Tight has been engaged to prepare the commencement dinner which will be served in Cleveland Hall. The fact that Mrs. Tight has the matter in charge is a guarantee of its excellency.

Mr. and Mrs. Harold Thomas of Cleveland who have been here for the past week visiting old friends have gone to Newark, where they will stay for a few days before returning to their home.

Dr. Hundley and family will go to Northport, Mich., the latter part of the month, to remain during the summer. During their absence their house will be occupied by the family of Rev. Dr. E. D. Morris of Columbus. Mr. Morris was formerly president of the Lane Theological Seminary at Cincinnati, and has spent the last two summers in Granville.

Rev. J. N. Eason, pastor of the Methodist church, announces that there will be no services at his church Sunday morning owing to the fact that the college baccalaureate sermon will be preached at the Baptist church on that morning. Services as usual however, will be held in the evening.

Denison university is publishing a memorial volume in commemoration of its seventy-fifth anniversary. It will consist of a historical review of the college and will be a volume of 300 pages, properly illustrated and will be ready for distribution during the coming week.

Mr. and Mrs. Martin Holden and little daughter, May, of Hamilton, O., who have been visiting friends and relatives in Granville and vicinity for the past week, returned home Tuesday.

Rev. A. S. Carman, Rev. C. J. Rose and Mr. W. A. Holmes left for Toledo Tuesday to attend the annual meeting of the Toledo Baptist Association.

Rev. E. A. Reed of Granville, secretary of the B. Y. P. U. of Ohio, goes to Toledo to attend the meeting of the Toledo Baptist Association.

A farmer boy who has secured a good position in Newark, gives the following reason why boys from the farms are flocking to the cities. He says the principal reason is that "they don't enjoy 14 or 15 hours of bitter hard work every day; they don't like to get up before daylight in the morning and toil like steam engines until after dark in the evening." The best way to encourage the farmer boys is to treat them as though they were human beings: let them have plenty of sleep; call ten hours a day's work; let them have their evenings to themselves, without a thousand heartbreaking chores to embitter their souls and make them old before their time.

WATER WORK NEWS

Under the supervision of the Board of Service and its engineers, three thousand feet of pipe for the new water works system was inspected in West Newark Monday. After a few minor leaks were stopped, the line was accepted and the work of back filling was commenced.

Engineer E. A. Smith, who is the representative of the Riggs, Sherman company, in this city, returned from Gallon Monday where he has been looking over the old water plant there. The Gallon plant was something like six miles of pipe, 4 miles of which is 4-inch. On the outskirts of the city the water system is almost useless for fire purposes.

Engineer W. A. Sherman of the Riggs, Sherman Company, consulting engineers for the city in the building of the municipal water plant, arrived in the city from Toledo Monday. With the members of the Board of Service and Engineer Smith, the work at the pump station site was inspected. With good weather this week the concrete work will be finished and the place will be ready for the erection of the frame work.

Dandelion

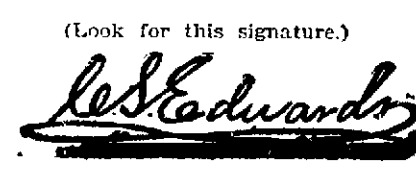

removes the cause of kidney trouble.

Guaranteed under the Pure Food and Drugs Act, June 30, 1906, Serial No. 3317.

A healthy kidney is a filter. The blood gets in one end of the kidney full of poisons and waste material. It comes out from the other perfectly pure. Like all filters the kidneys get out of order. The trouble is only slight at first, but rapidly becomes dangerous if neglected, because the kidneys become choked with refuse, and the result is a leaking filter, full of holes and ulcers, with the natural consequence that the whole system becomes poisonous and the blood contaminated with uric acid. Dr. Edwards' Compound Dandelion Tablets act directly upon the kidneys and remove the cause of the trouble. In other words, they repair the leaking filter and make it clean and healthy. ASSISTANT WAS ELECTED BY THE SCHOOL BOARD

C. D. CARPENTER OF MANSFIELD WILL BE ASSISTANT SCIENCE PROFESSOR.

Salary of Janitor at the Woods School Was Raised—Board of Education Proceedings.

The Board of Education held a meeting Monday night and considerable business of importance was transacted. Messrs. Beggs, Fulton, Christian, Keller, Haight and Keckley being present.

The minutes of the previous meeting were read and approved. Bills for the past period were allowed and ordered paid to the amount of \$153.00, the president of the board making the comment that it was the smallest budget for some time.

The application of Daisy Bourne for the position of janitress of the Texas school building was read, but not passed upon.

A complaint was read from the janitor of the Indiana street school building, stating that defective spouting and sewer made the walls and basement damp, and was already injuring the building. After some talk, the member in charge was instructed to make the necessary repairs.

A communication from the architect on the annex to the high school building, stated that he would be ready to submit plans for the heating apparatus in about five days, met with favor.

A bid was read for furnishing the pressed brick for the high school building. Mr. C. C. Forry of the Hanover plant quoted prices ranging from \$12 to \$14 per thousand, and submitted samples, which were carefully examined by the board. But while Mr. Forry's price was some less than the people to whom the board had already given a conditional contract, the idea seemed to prevail that the brick already contracted for were the cheaper and better, and at present, unless some one interested gets busy, the conditional contract to Akron parties seems likely to stand.

The application of Miss Harriett L. Messenger for the position of high school teacher was read and referred to the superintendent.

The statement of the finances of the department was read, approved and ordered filed.

The manager of the Bell Telephone company was present and asked to be allowed to make an offer for his company to install 'phones in the various school buildings. He quoted a price of \$1 per month for each 'phone. Several members spoke against the advisability of making a change and the matter for the present was dropped.

Miss Roberts of Columbus, now teaching at Worthington, and who is an applicant for a position on the staff of high school teachers, was introduced to the board by Superintendent Simkins. She made a short talk on her qualifications for the position, and was asked questions by several members of the board, and seemed to make a favorable impression with all. The matter electing any one was laid over for the present.

Truant Officer Jones made a lengthy report, and among the things stated were, that since his last report there were 134 absentees, and 46 cases of truancy, and that several boys had been sent to the Lancaster reform school. He also called the attention of the board to the fact that vandals, presumably adults, were committing depredations at the Riverside school building and that a fence should be built at once to protect the property. The matter was argued at length but nothing was done as the board wanted time to view the premises. The official report was read and approved.

Mr. C. D. Carpenter, a teacher at Mansfield at present, and an applicant for a position at the high school, was next led in and recited his qualifications. He looked good to the board, charges \$1,000 for his services, and retired.

Mr. F. E. Honnold, another applicant, then came into the show ring. He is a good looking man, has had lots of experience, does about everything around the High School at Loudenville, where he is now employed, gets \$85 per month there now, and wants \$900 per annum for handling this outfit here. Matter referred.

A communication from Captain Steele, the writing master, was read. He thanked the board for his re-election and gave some very interesting statistics as to the work that has been done by himself and pupils since he came here 11 years ago.

The electing of janitors was then taken up, and all of the present incumbents were re-elected at the same salary as heretofore, with the exception of the janitor of the Woods school building who gets an increase of \$10.

Superintendent Simkins then read his report, which was approved. As Mr. Childs has resigned and was one of the examiners of teachers, Mr. Simkins recommended that Mr. Williams be appointed as examiner at once, as his services would be needed next Saturday when a teachers' examination will take place. Mr. T. Otto Williams was elected.

Mr. Simkins complemented the work of Mr. Childs, saying among other things that he left every thing in good order when he left, and that it was exceptional with retiring principals to do so. He also recommended a change in the plans for the annex of the high school in the offices and library departments. The matter will be gone into later on.

The following teachers were elected: Miss Florence Campbell takes Miss Ethel Metz's place; Miss Connel was added to the staff of contingent teachers; Miss Alsapach will succeed Miss Brillhart. Prof Weinland's resignation was accepted, and then the superintendent arose and addressed the board showing them forcefully the necessity of filling the vacancy at once, particularly since such good material was at hand. His suggestion was adopted and Mr. Carpenter of Mansfield was elected assistant science teacher at a salary of \$1,000.

Prof. Painter then told the board what he had seen while away recently investigating for a manual training department that is contemplated for our schools in the future. He is enthusiastic that the department be added as soon as feasible, and impressed the board by his earnestness in the matter. A motion to adjourn was carried.

Probate Court News.
The will of Mary Goff, deceased of Washington township, has been admitted to probate and Enslie Finley Haas has been appointed executor.

A transcript from the docket of Justice M. O. Nash in the case of J. F. Baldwin vs. Frank O. Richards has been filed in the probate court.

Hedrick vs. Hedrick.
The case of Laura Hedrick against Lewis Hedrick for alimony was taken up in the Probate court Monday afternoon and the testimony of Mrs. Hedrick was taken. On account of the number of witnesses further hearing of the case was continued until Wednesday morning at 9 o'clock.

Inquest of Lunacy.
The Probate court held an inquest of lunacy on Mrs. Mary R. Manning of the Home for the Aged at Granville. The court held an inquest on her about eight months ago and sent her to the State Hospital at Columbus, but recently she had been sent back on a trial visit. On the testimony of Dr. Cook and two officers of the Home, she was adjudged insane Monday. Her sister, who lives at Dayton, demanded that the court turn the unfortunate woman over to her, which was done.

Guardian Appointed.
B. F. McDonald was appointed guardian for Harry W. Abbott, aged 14. Harry is a young man without a

home. He works at the Heisey glass works. His mother is dead and some of the children are in the Children's Home and some have been provided with homes in private families. It appears that Harry's father has been drawing his wages, leaving him without money. In order to stop the practice the court appointed a guardian for the boy.

To Reform Deed.
Mary V. Clifton by her attorneys, Smythe & Smythe, has commenced suit in the Common Pleas court against Hannah J. Youmans and others to reform a deed which was made by the defendants, Hannah J. Youmans and George F. Youmans to Mary V. Clifton. Mary V. Clifton and George F. Youmans are brother and sister and this deed was made in an effort to partition the real estate they inherited from their father. It is claimed that a mistake was made in the drafting of the deed which mistake does not affect the title to that part of the property taken by Mrs. Clifton for the purpose for which it was intended.

A FORTUNE IN STORE FOR YOU.

Were you awake in the last mining boom when investors made THOUSANDS upon THOUSANDS of DOLLARS and dozens of new MILLIONAIRES were made?

We haven't space here to mention the number of mines that within a year were mere prospects, and which have made RICH those who were WISE enough to get in at the bottom prices.

Did you have MINING before it jumped to \$25 per share? Did you have MCKINLEY DARRAGH before it advanced to 1 1/2? Were you in on FOSTER COBALT before it advanced to 4 1/2? Were you in on SILVER QUEEN before it advanced to 3 1/2?

RED ROCK jumped from 20c to \$1.50. BUFFALO sold up to \$7.00. UNIVERSITY sold up to \$20.00, etc., etc., etc.

TEMISKAMING and HUDSON BAY, par value \$1.00 paid 10,000 per cent. in dividends in a few months, jumping to One Hundred and Ninety five Dollars per share, doesn't this prove that the WIDE-AWAKE ones are getting the goods?

And what about the West? Calumet and Hecla went for almost nothing, has sold up to \$1,000 per share. What about COPPER QUEEN, UNITED VERDE and many others that have paid MILLIONS OF DOLLARS in DIVIDENDS and added untold WEALTH to the world.

Look at GOLDFIELD, within one year MOHAWK has jumped from 8c to \$20.00 per share. JUMBO and RED TOP sold up to \$7.00. TONOPAH of Nevada sold to \$21.50 and others too numerous to mention all making spectacular advances, among a few were

GREAT BEND, CAMP BIRD, DALORES, EL ORO, ESPERANZA, TOM BOY, ETC., ETC., ETC.

THE LARGER LAKE ROOM IS BEGINNING TO ASSURE SUCH LARGE PROPORTIONS AS TO OUTDO ANYTHING OF A SIMILAR CHARACTER EVER HAVING OCCURRED IN THIS COUNTRY.

GOLD DISCOVERIES IN THE LARGER LAKE DISTRICT have been greater than have been encountered in any camp in the world.

ARE you to be one of the WIDE-AWAKE ones this time or are you to let this OPPORTUNITY slip by and FOREVER REGRET IT. A few Hundred Dollars invested now in LARGER LAKE stocks will make THOUSANDS for you in the advance of prices which are bound to come.

We have a limited amount of stock of THE KING SOLOMON LARGER LAKE GOLD MINING COMPANY, which we will sell at the first offering price of 15 CENTS—per share.

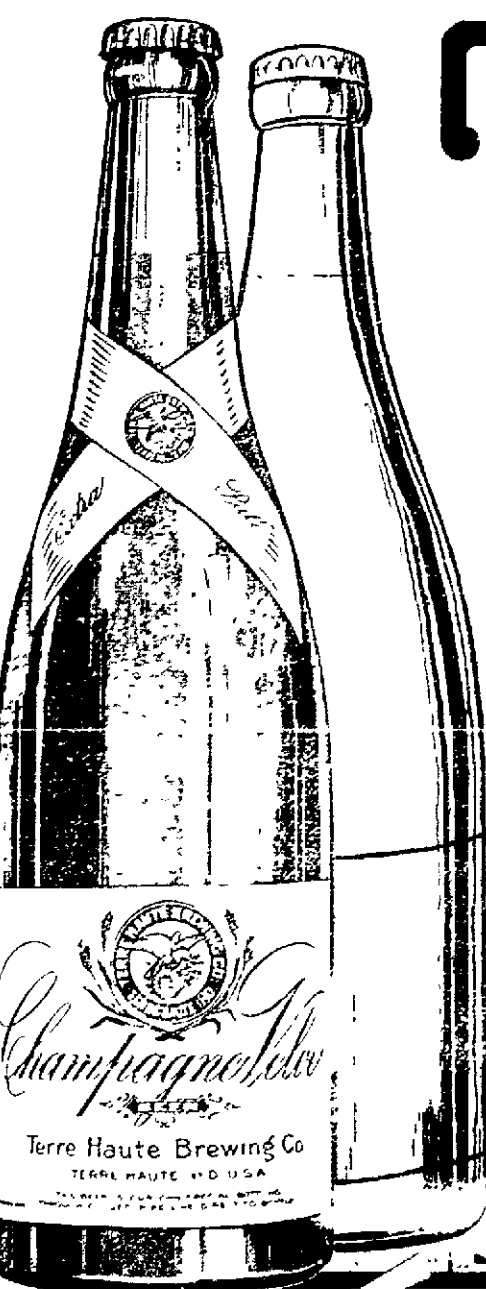

This company owns ten separate and distinct carefully selected and exceptionally well located mining claims covering an area of FOUR HUNDRED acres, distributed throughout the heart of the remarkable rich gold belt, known as the LARGER LAKE GOLD DISTRICT, on which has just been found a nugget valued at \$27,000, and on some of the properties in a more advanced state of development, veins have been located containing values up to \$15,000 to the ton.

THE OFFERING OF THIS STOCK AT THE ABOVE PRICE MAY BE WITHDRAWN WITHOUT NOTICE AT ANY TIME.

CHAMPAGNE VELVET BEER COURTS COMPARISON

Place Champagne Velvet by the side of any other beer—subject it to all the tests known to the Master Brewer—of color, of taste, of lasting qualities, of nutritiousness, of "bouquet" so highly prized by connoisseurs, of purity, of foam-holding qualities—in short, of all the qualities that go to make up a superior beer—and you will unhesitatingly decide in favor of Champagne Velvet.

Comparison is never odious to the maker of a superior article!

In your selection of a beer, as in the selection of everything that finds its way on your table, you should insist on getting the best for your money. You get it by ordering Champagne Velvet.

NATURE PROVIDES FOR SICK WOMEN

a more potent remedy in the roots and herbs of the field than was ever produced from drugs.

In the good old-fashioned days of our grandmothers few drugs were used in medicines and Lydia E. Pinkham, of Lynn, Mass., in her study of roots and herbs and their power over disease discovered and gave to the women of the world a remedy for their peculiar ills more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound

is an honest, tried and true remedy of unquestionable therapeutic value. During its record of more than thirty years, its long list of actual cures of those serious ills peculiar to women, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person and every thinking woman.

When women are troubled with irregular or painful functions, weakness, displacements, ulceration or inflammation, backache, flatulency, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

No other remedy in the country has such a record of cures of female ills, and thousands of women reading in every part of the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable compound and what it has done for them.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. For twenty-five years she has been advising sick women free of charge. She is the daughter-in-law of Lydia E. Pinkham and as her assistant for years before her decease advised under her immediate direction. Address, Lynn, Mass.

GOVERNORS OF OHIO

ALLEN TRIMBLE—1822—1827-1830.

Allen Trimble was acting governor most of the year 1822, when he succeeded Ethan Allen Brown, who went to the United States senate. In 1820 Allen Trimble was elected governor, serving until 1830. He was an earnest advocate of the extension of the common school system, and while governor of put forth his best efforts in that work. He was born in Augusta county, Va., in 1783 and died at Hillsboro, O., Feb. 3, 1870. The family removed from Virginia to Kentucky, and in 1804 Allen Trimble settled in Highland county. Trimble commanded a mounted regiment under General William Henry Harrison in the war of 1812, served in the state legislature in 1816, was elected state senator in 1817 and was president of that body in 1822, when he became acting governor. In 1846-48 he was selected president of the first state board of agriculture.

AMUSEMENTS

ORPHIUM THEATER HAS GREAT SHOW THIS WEEK.

As promised by the management of the Orphium, one of the biggest and best bills in its history was presented Monday to large houses. First on the bill came the Five McLarens, in a musical novelty act. This family make a very neat appearance on the stage and their ability as musicians is most pronounced. Their act consists of brass and drum selections, vocal solo, and the xylophones, the latter number using five instruments. The McLarens were compelled to respond to numerous encores. Joe Buckley, that favorite old Irish comedian, is better than ever. His inimitable manner, his perfect brogue and his funny songs and sayings kept the audience highly pleased during his entire act. This is Mr. Buckley's last season in vaudeville, as he will return to the legitimate drama in the fall.

Myers and Rosa, in a juggling and rope throwing turn, are excellent. It was indeed a great relief to the audience to see an expert in this line after the pretense of last week. Myers is a revelation in his rope spinning and jumping, and the team juggling is far above the average, some very difficult feats being performed without an error. They were accorded hearty and well deserved applause.

Barlow, Wicks and Reid closed the bill. The least that can be said of them is that they are simply great. Two of the team appear in black face, and the funny make ups immediately

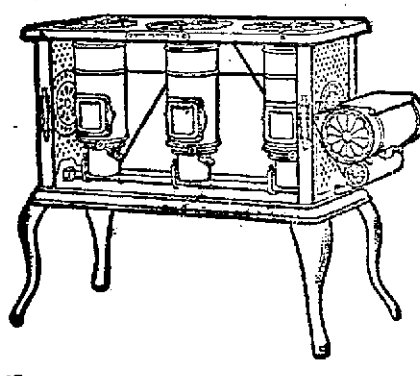

caught the people. The dialogue is all good and catchy, containing new jokes from start to finish. Barlow, in his song, "Let It Alone," made the hit of the evening, being joined in chorus by his team mates. They also have several clever and up to date dances, which caught on in great

the most beautiful yet shown with a song at the Orphium. Eldon moving pictures are in themselves a show this week, and well worth in themselves the price of admission.

AT IDLEWILDE CASINO.
The Rosar family who have been so successfully entertaining the audiences at Idlewilde Casino, was increased in number last evening from a trio to a quartet by the addition of dainty little Marie Rosar, who made her appearance on the encore. Miss Marie is but two and a half years old, and her drum solo was a fitting climax to the Rosars' clever act. In spite of the inclement weather the Casino is being well attended. A ten cent Saturday matinee will be given this week.

PUT TABLET ON TARKINGTON HOME

New York, June 4.—"During the present spring, while Booth Tarkington was collaborating with Leon Wilson on his new play, 'The Man From Home,' he lived in Paris," said a friend of Mr. Tarkington who has just got back from the French capital. "Booth took himself very seriously over there and was at home during one afternoon each week, when he held what he considered a salon, with celebrities present, and with many at-

tempts at conversation with a big C. "A fellow townsman from Booth's native Indianapolis, dropped in among the celebrities and after a long wait got a chance to get in a little conversation.

"Say, Booth," he said, "do you know they have gone and put a tablet on the front of the house you were born in, back home?"

"Mr. Tarkington looked pleased. 'Is that so?' he said. 'Well, now, that's gratifying, isn't it? It discounts all those threadbare remarks about a prophet without honor. Who put up the tablet—the boys of the club?'"

"Oh, no! The city officials were responsible for it," answered his friend.

"Well, that's more remarkable than ever. The average political official isn't very anxious to pay much attention to literary ability, nor does he seem willing, as a rule, to put up a tablet unless he sees a return in the way of votes or added political influence. But it's very flattering to me, I'm sure. By the way, what was the inscription on the tablet?"

"Main street," said his friend.

Evicted Tenants Bill.
London, June 4.—The Irish bill was formally dropped by the government with scant ceremony. The house of commons was well filled when Premier Campbell-Bannerman rose to make his statement. "I believe," said the premier, "that the Irish people would have done well to have given the details of the measure greater attention than appears to have been the case at the recent convention." The premier added that the decision of the representatives of Irish people was a source of sincere regret and disappointment to the ministers, but now that the Irish bill was dropped, the government intended to introduce during the present session an "evicted tenants restoration bill," with power of compulsory purchase.

INSURANCE MEN SEEK REVISION OF TAX SYSTEM

COLUMBUS, DAYTON AND CLEVELAND MEN BEFORE STATE COMMISSION.

EXERCISES AT CAMP CHASE

In Honor of Confederate Dead—A Woman's Horrible Fate at Bellaire.

Columbus, O., June 4.—Life insurance men of this city, Dayton and Cleveland appeared before the state tax commission and made arguments for a revision of the system of taxing life insurance companies. Wilbur G. Warner, W. R. Guilbert and J. W. Wilson of Cleveland and Job Hill of Dayton were among those who presented their views to the commission. In a general way a plea was made to relieve the life insurance companies of all taxation, the claim being made that the benefit would accrue to the policyholders. There was a spirited controversy between the insurance men and the commission, the latter holding that the insurance companies were just as properly subject to taxation as other corporations. When it became apparent that the commission would not yield to the extreme views of the insurance men the latter urged that there should at least be a different method of taxation adopted from that now in vogue, which requires the companies to pay a percentage on premiums and license fees for agents.

Exercises at Camp Chase.
Columbus, O., June 4.—Congressman John Sharp Williams of Yazoo City, Miss., Democratic floor leader in the house of representatives, has been invited by the local chapter of the Daughters of the Confederacy to deliver the principal address here Saturday for the memorial exercises in honor of the Confederate dead at Camp Chase, near this city. Mr. Williams has not replied. The exercises are to be in charge of the Daughters of the Confederacy. Among the local speakers will be Governor Harris, Mayor Badger, William H. Knauss, Rev. John Hewitt, Al G. Field and Lieutenant Colonel E. F. Glenn of the Columbus barracks.

Made Czolgosz Indignant.
Cleveland, O., June 4.—Michael Czolgosz, brother of Leon Czolgosz, the assassin of President McKinley, returned here from Sharon, Pa., where he has been for a week past. He expressed himself as being very indignant over reports that he expected to go to Canton last week on the occasion of Mrs. McKinley's funeral. He said the reports were absolutely without foundation, as he had never thought of going to Canton. He went to Sharon, he says, seeking employment and as a result of his trip expects to remove there to make it his home in the near future.

Lift Gave Way; Ten Hurt.
Akron, O., June 4.—Ten persons were injured, one probably fatally, when an elevator dropped at the Good-year Tire and Rubber company's plant. Manager Seiberling says the lift was overloaded. Besides its usual cargo of merchandise, 10 employees were loaded into it. At the second floor it gave way without warning and dropped to the basement, 22 feet below. It fell into several inches of water, which partially broke its fall. W. F. Stafford is the most seriously hurt.

Ambition of Ingalls.
Cleveland, O., June 4.—Formal announcement of the candidacy of M. E. Ingalls of Cincinnati for the endorsement of the next Democratic state convention as the candidate of the party for the United States senate is expected by Cleveland Democratic leaders within the next few days. Ingalls has recently talked over his candidacy with Mayor Johnson and other northern Ohio Democratic leaders.

For Maintenance Lytle Home.
Cincinnati, O., June 4.—An unnamed citizen has offered, through Mayor Dempsey, \$50,000 for the maintenance of the old Lytle home, as a museum for the Historical and Philosophical Society of Ohio. The documents offering the donation were submitted to council by the mayor. Lytle is located in Lytle park on Lawrence street and in it the famous "I am Dying, Egypt, Dying" was written.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

END OF STRIKE IS PROPOSITION OF THE SEAMEN

REPRESENTATIVES IN PARIS SEND MESSAGES TO ALL PORTS IN FRANCE

Men at Havre Vote to Continue the Struggle—Found the Government Firm.

Paris, June 4.—Seamen on strike at the various ports in France and the colonies are expected to return to work as a result of the conference held here between the strikers' representatives and the government officials. Captain Lapeyre, one of the strikers' delegates, informed Minister of Marine Thomson that the strike committee, now in this city, had telegraphed the following message to all ports: "The delegates have been in conference with the minister of marine and the naval committee of the chamber of deputies. The minister has abandoned the prosecution or deserters and he has requested the navigation companies to reinstate all officers and men. The members of the naval committee assured the delegates that M. Thomson's proposition in the matter of pensions would be improved. The delegates therefore unanimously propose that the strike cease."

In the course of his conference with the strikers' delegates M. Thomson declared it was impossible to accede to their demands. He said, however, that any proposition would be considered if the strikers returned to duty immediately in which case no punishment would be meted out and the ship-owners would be requested to retain both officers and men in their former positions. The minister's firm stand and his promise that no penalties would be inflicted, apparently convinced the strikers that it would be wiser to accept the government's proposition to increase the pensions of seamen from \$40.80 to \$72 and of officers from \$156 to \$200 a year than to continue to paralyze commerce and thus entirely alienate the sympathy of the public, which already has been greatly strained. The only possibility of a hitch appears to be that the men might decline to follow the advice of their delegates, but persons who are well informed regard this as unlikely.

A dispatch from Havre says: The strikers held a meeting here after the receipt of the message from the delegates in Paris advising the men to resume work. In spite of this recommendation the meeting voted to continue the strike until pensions of the men were raised \$120 a year. The Havre delegates were telegraphed to return at once from Paris.

semi-circular colonnade terminating at each end in a square pier, with a large color shaft rising from the enclosed space. The semi-circular is about 50 feet across, with a depth of 20 feet and stands 67 feet in height. The monument typified the vindication of Mr. Davis and the cause of the Confederacy, the leading inscription being "Deo Vindice" (God will vindicate).

The colonnade is composed of 13 doric columns beside the two end piers, which rise about 18 feet above the walkway, and its frieze is decorated with bronze seals of the 11 states that seceded and the three others that sent representatives and troops. In the center of the space inclosed by the colonnade stands a large doric column over five feet in diameter. The column forms the background for the bronze figure of Mr. Davis and also carries on its top an allegorical bronze figure, whose right hand points to heaven, and whose title "Vindictary," represents the whole spirit of the monument. The large column bears the seal of the Confederacy in bronze, and has the inscription "Jefferson Davis, president of the Confederate States of America, 1861-1865."

The bronze figure of Mr. Davis stands on a great block of granite in front of the column and about 12 feet above the roadway. The president is represented in a standing position as though addressing an audience with his right hand resting on the open book of history.

TO THE CHILDREN OF NEWARK

Owing to the fact that there might be an accident in our river excursion to some of the children, we will substitute substantial prizes, so children save the labels you get off of the National Biscuit company's bread and bring them to the Newark bake & after July 1st and get your prize. It only takes from 50 to 100 labels.

THE GYPSY HIKE

Final arrangements are being made for the great Y. M. C. A. Hike to Coshocton. Columbus, Dayton and Springfield will meet Newark's tribe here on July 3d. The four bands will form a battalion and march through to Coshocton together.

Mr. Bailey of Columbus was in Newark last Friday and he states that the camp promises to be the biggest thing of its kind ever held, at least a dozen of Ohio's leading cities will be represented.

Any Y. M. C. A. boy between the ages of 15 and 18 is entitled to a place in the Tribe.

Newark will take 30 boys and the first 30 to register will be the lucky ones. All others are liable to be turned down unless means can be provided to take care of them.

All wishing to take this great and novel trip are notified to register at the General Office on or before June 20th.

Charged With Arson.

Hammond, Ind., June 4.—Abraham Lewis, a merchant of Morris, Minn., was arrested at Whiting, charged with arson. It is said that Lewis left his wife and child and has been living with another woman since his store in Morris burned several months ago. Lewis denies his guilt on all charges.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Cantharides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots. It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

ELECTRIC ARCHES IN THE WEST END

A scheme is on foot to install two or three electric arches in the business district of the West End—one at the corner of Eleventh street and West Main and the other at Union and West Main, and if the affair can be carried further, it is proposed that one be put at the same distance further west on Union street. This would if it can be accomplished, be quite a card for the West End, and Mr. Oliver Connor who is at the head of the movement is very confident of its success.

Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; he says: "Doctors got badly mixed up over me; one said heart disease; two called it kidney trouble; the fourth, blood poison, and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranteed to cure blood poison, weakness and all stomach, liver and kidney complaints, by F. D. Hall, druggist, 50c.

CIVIC IMPROVEMENT

Effort to Secure Money and More Members—New Signs Put Up by Public Service Board.

The Woman's Improvement Society will make a canvass of the town to secure money for this work, and also members for this society. Will you help?

The signs put up by the Board of Public Service prohibiting spitting on the sidewalks are neat and plain. They can be read easily and yet on Sunday night men standing opposite these signs, make the sidewalks filthy. It will doubtless be necessary to arrest and fine some of the spitters as was done in Chicago and elsewhere before the ordinance is regarded as serious.

S. F. VAN VOORHIS WAS APPOINTED AS A MEMBER OF THE BOARD OF SINKING FUND TRUSTEES TO FILL UNEXPIRED TERM.

Of John A. Chilcote Who Recently Resigned—Business Transacted by City Council.

The regular meeting of the city council was held Monday night with all members present. There was but little business except of a routine nature, the most important, perhaps, being the ordinance prepared by Solicitor Bolton and introduced by Councilman Beadle providing for the revision of the city's ordinance book. The new ordinance provides for the revision and publication of the ordinance book.

Mayor McCleery reported the appointment of Samuel A. Van Voorhis as a member of the sinking fund trustees, vice John A. Chilcote, who has resigned.

The street committee reported on the ordinance regulating the width of sidewalks on the various streets of the city. The committee recommended that the ordinance be amended. Their report was received and filed and the amendment was later adopted.

The law committee reported favorably on the ordinance redistricting the city and recommended its passage. Mayor McCleery made his monthly reports to the council showing the fines and licenses collected during the month. The amounts were divided as follows: County fines, \$121.67; city licenses, \$104; city fines, \$55; Chief's costs in state cases \$39. The report was received and filed.

The city engineer reported the plans and estimates on the cost of the sewer in the Lingafelter addition. The report was received and filed.

Clerk Munch reported that he had served notice on the property owners with reference to the Church street paving from Eleventh street west.

A resolution was passed granting privilege to Vogelmeier Bros. to lay a gas main from Fourth and Canal streets to Wehrle Lane and south to their plant.

A number of ordinances were introduced, though only a few or any great importance except in certain localities.

Councilman Beadle introduced Solicitor Bolton's ordinance to codify and revise the city ordinances. The measure was passed on a suspension of rules.

An ordinance was introduced by Mr. Beadle accepting the John A. Chilcote Ashland addition to the city of Newark. The plat and ordinance was referred to the Board of Service committee.

Councilman Hughes introduced an ordinance to transfer \$300 from the Board of Service contingent fund to the sanitary fund. The money is to be used for the construction of a sewer in an alley off West Main street, between Third and Fourth. The ordinance was passed on a suspension of rules.

An ordinance by Mr. Moser was introduced to issue notes to borrow money in the sum of \$8,817 for the paving of Second street. The measure was read for the first time.

Councilman Beadle had an ordinance on first reading to issue notes for \$6,222 for the East Main street paving.

An ordinance was introduced by Councilman Moser determining to proceed with the improvement of Church street from Eleventh street west. The measure was passed on a suspension of rules.

Councilman McNealey introduced an ordinance determining to proceed with the improvement of High street from Fourth street west. It was passed on a suspension of rules.

An ordinance by McNealey establishing the width of sidewalks was introduced and amended as recommended by the committee and passed on a suspension of the rules.

Councilman Beadle introduced an ordinance to issue bonds to pay the city's share of a number of East Newark improvements.

The ordinance introduced some time ago to accept the addition to the city as prepared by J. R. Fitzgibbon and others, was passed.

A number of measures to issue notes and bonds for East Newark improvements were on third reading and passed.

An ordinance on second reading providing for the redistricting the city into four wards was read for the second and third times and passed on a suspension of the rules. The measure was made necessary by the extension of the city limits on the north.

At this point, Councilman Conrad addressed the Council and stated that the reports of the engineers on the valuation of the old water plant will be made next Monday night. The reports were ready today but owing to the failure of the mails to connect properly, Engineer Chapin's report had not been received by the city's engineer and therefore the two could not be presented to the council.

On Mr. Conrad's motion, the council adjourned until next Monday night.
